

ROGERS AT IT AGAIN.

He Makes a Bitter Attack on Speaker Reed.

HE HAS MORE GALL THAN BRAINS.

According to the reckoning of the gentleman from Arkansas—Payson of Illinois, being in the chair, permits Rogers to go on in the attack in spite of a protest from Kerr of Iowa—the speaker's defender.

WASHINGTON CITY, AUG. 4.—In the house Monday morning of Missouri, rising to a question of privilege, sent to the clerk's desk and had read an article in a southern newspaper to the effect that in order to carry favor with the Farmers' alliance he had had his license as a lawyer annulled. He denounced the statement as a falsehood and a campaign lie. The house then went into committee on the whole, Payson of Illinois in the chair, on the general defensible appropriation bill. Rogers of Arkansas promised his remarks by an expression of gratitude that the presence of Payson in the chair was a guarantee that he would not be taken off the floor. On two occasions the speaker had taken him off the floor. The speaker had conceived and taken it into his brain, for it had come out of his mouth (though it seemed to him that it was more than his brain) that he had a right to take a member off the floor. Kerr of Iowa said that it was about time that members addressing the house would cease to insult the presiding officer, and he made the point of order that the remarks of the gentleman from Arkansas were out of order.

Criticized the Code of Rules.

The chairman, however, permitted the gentleman to proceed, and Rogers, continuing his attack on the speaker and his rulings, he then proceeded to criticize the code of rules under which the house is proceeding. It gave the speaker power to still debate, give the house, force the passage of bills, avoid exposure, outrage and insult the minority and to induce the majority. Rogers of Kansas suggested that the speaker might be good bulldozer in the south. Rogers thought that he might be a good bulldozer in some sections of the country but he did not think that he would bulldoze in Arkansas. Rogers of Missouri said that he thought they kill such people down there.

Rogers, continuing, denounced what he termed the tyranny of the speaker and the majority of the committee on rules. The house, he said, had degenerated into a state of anarchy and chaos.

Degraded the Majority.

It was suspected that the speaker turned his back on full, fair, frank discussion, on opportunity for amendment, on parliamentary decorum, on official urbanity, on historic and patriotic memories, in order that he might unlawfully perpetuate his party in power. Rogers said that his support for the presidency the insupportable mass of ignorant and vulgar partisans who practiced the infamous and corrupt maxim that the end justified the means. He had degraded the majority with the full assurance that the majority of the people of this country would support him. Rogers said that if this scheme should break down under the judgment of a liberty-loving people, they would perish, like Samson, under the ruins, but if it succeeded, that he alone should reap all glory. Their want of patriotism, their cowardice, their lack of their suicidal stupidity, and among them all had not found a man with the courage of a Jackson, the patriotism of a Henry and the love of liberty that inspired the fathers, who could say: "This is our country, these are our liberties, these are our countrymen and you are our servants and we will not be the one trodden down under foot or the one outraged and wronged."

"No," he concluded, "may I tell you, Speaker, that they curse you, and despise you, and hate you, and would have you expelled in private and in public, they are silent."

Defended the Speaker.

Henderson of Iowa replied to certain criticisms made by Rogers upon the work of the session. The house had done good work. Much more would have been done if the majority had had the patriotic cooperation of the minority. If the Democratic members, regarding their oaths as lawmakers, had made an earnest effort to secure legislation the house would have done much more than it had done. Henderson defended Speaker Reed against the attack made upon him by Rogers of Arkansas. He referred to him as the mighty man from Maine and declared that he stood to-day as the towering, historic, grand figure of this age of legislative victory and reform. Henderson said that the public did not appreciate what earnestness, courage and patriotism had done in this congress then there was no gratitude in the republic for loyalty to its best interests.

Secretary Tracy Must Explain.

WASHINGTON CITY, AUG. 4.—The house committee on rules has voted on the resolution introduced on Friday last by Cummings of New York providing for congressional investigation as to the necessity for the employment of an agent to carry out the duties of the speaker (Maine) navy yard in Speaker Reed's district prior to and during the congressional election in September, by agreeing to report a substitute calling on Secretary Tracy for an explanation of his action to be made to the house.

FOUND IN AN OPIUM DEN.

The Devilish Scheme of a Helena, Mont., Miscreant.

HELENA, Mont., Aug. 4.—One of the worst results of the opium joints was brought to light here Friday night. About two weeks ago a man named Raymond came to Helena accompanied by his wife. Friday he reported to the police that she had disappeared, and the search which was instituted resulted in finding her in a private opium den kept by a variety of actors named Williams. Two other women were in the room beside Mrs. Raymond, one of 16 named Lillie Lawrence.

Infamous Use of the Drug.

It seems that Williams has for the last four weeks been enticing young girls into his place and then while they were under the influence of opium he would accomplish his ends. The Lawrence girl when found was in convulsions, and it was only by heroic treatment that her life was saved.

Went on Strike Again.

New York, Aug. 4.—The working union cloak makers in all the shops of this city to the number of 3,000, went on strike again Monday. This time the strike is aimed against their former allies, the contractors. The operators demand an advance of about 25 cents on each garment made. There is much excitement in and around the union headquarters on Suffolk street, and open charges of corruption are made against some of the union leaders. Baronsides is now accused of having received money from certain manufacturers for his efforts in prolonging the strike. The contractors consider the demands of the operators as out of all reason, and affirm that they will not submit.

In a letter expressing intense gratitude Mr. Bohmann said that he owed the savings of thirty years' toil to the firemen of this company, who recently saved his place from destruction by fire.

Drowned in Sight of His Wife.

NEW BRIDGES, MISS., Aug. 4.—Sunday afternoon George T. Davis, of Acushnet, with his wife, four children and a hired boy, named Francis, in a motor launch, were out on the water. When at West Island, Davis went to fish, when the boat, when the boat struck a log, knocking him overboard with such force that it was broken. Davis in an unsuccessful endeavor to save Francis, became exhausted and drowned. The bodies of the children and the hired boy have not been recovered.

Killed with an Ax While Asleep.

LEAVENWORTH, KAN., Aug. 4.—The little mining cabin of Bright is the scene of a horrible crime. Uncle Jim Isham, a well-to-do colored miner, was found dead in bed Friday night, with his two children sleeping peacefully beside him. A mysterious assassin had dealt him a fearful blow with an ax. The blade sank deep into his forehead. In the pockets of his clothes \$200 were found, and the body of the aged 19, Isham's nephew, is under arrest.

A Break in the Good Work.

NORTH WAREFIELD, N. H., Aug. 4.—But for a woman's bravery the Boston and Maine express Friday night would have been wrecked. The heavy wind had blown down several large trees across the track where a sharp curve is, just before the express was due. Mrs. Emily Branson went down the track in the terrible storm and with a table of tools succeeded in stopping the train in time.

FOREIGN NEWS NOTES.

Dante Between Two Stools.

LONDON, Aug. 4.—Belle Bliton, or Lady Dante, in an interview Sunday afternoon, confirmed the report that Viscount Dante had an interview with her since the recent decision of the divorce case in her favor. She says that the noble young man seems disposed to "do the proper thing," but that his father refuses to continue his allowance if he lives with his wife. The chief of the divorce case is of course not conceivable. There is little prospect of the couple maintaining domestic relations, therefore, until Lord Clanricthy dies, or undergoes a change of heart.

The Turk Should be Abated.

ATHENS, Aug. 4.—Since martial law has been proclaimed in the Turkish town of Salonica, the Christian inhabitants have been brutally treated. KEMMLER'S DAY OF DOOM.

It Is Thought He Will Die Tuesday Night or Wednesday Morning.

BUFFALO, Aug. 4.—There appears to be a good reason to believe that William Kemmler will be electrocuted between Tuesday night and Wednesday morning. Several invitations to be present at the carrying out of the death sentence have been received in this city. The holders of the invitations are very secretive and state that no time or hour is named in the invitation. A United Press reporter was privileged to examine one of these gruesome invitations. It was written in type on an Auburn prison letter-head and invited its recipient to report at the prison "At 7 p. m. Aug. 5," to "Charles F. Durston, warden and keeper."

CLAUDE DE SAINTE-ALAIZE ROSAIRE.

38 Ogden place, Chicago.

Claude Rosaire is a young man of fine appearance and courteous manners. Said he:

"I have no hesitation in telling my story. Up to five years ago I supposed myself to be the son of a prominent man in the eastern Michigan. I did not care to disclose his name without his consent, under the circumstances. One of the members of the family is at present a member of the Michigan legislature. Upon the occasion of a dispute with the man I presumed to be my father and in a moment of anger he told me I was not his child. This was a revelation to me and an unpleasant one. I left and came to Chicago to do for myself. I am at present with Lamson Bros., on the board of trade. I have never since had any communication with the Michigan family, although they are aware of my whereabouts."

A Surprising Letter.

"Last Thursday, as you see by the postmark, I received a letter mailed here in Chicago at 2 p. m. that day. The writer of the letter claimed to be a stolen man when I was but 3 weeks old. Two years ago I received several pieces at St. Luke's hospital and the writer claims that he was a patient in the hospital. He makes the present disclosures because the doctors had refused to let him leave the hospital. He refers to matters and dates in his life and impresses me as genuine, although it is anonymous. He speaks minutely of my parents. He says the Duchess de Sainte-Alaize of Normandy was the mother of my mother and that her mother was a nobleman. The Duke being notorious throughout Europe."

Fled to America.

"After squandering his wife's estate he instituted divorce proceedings and the duchess with my mother, then a little child, fled to America. Soon after her arrival here the duchess entered the Ursuline convent, New Orleans, where she died five years afterward. My mother, Victoria de Santa, was brought up by the sisters until she was 18 years of age, when her mother died. She was then married to the Duke of the North Star, who allowed her the choice of the convent or the world. She chose the latter and shortly afterward met and married my father, Claude Hector Rosaire, who was a Confederate soldier. The writer says my father was French only by extraction, his only claim being derived from a great-grandfather who was a creole. The marriage took place Oct. 6, 1868, at New Orleans."

The Marriage Certificate Inclosed.

"Here is the marriage certificate inclosed in the letter, which you will observe bears the names of two witnesses at the time of the officiating priest, Louis Bienville. Shortly after the marriage my parents came north, going to Quebec. The writer says he was in love with my mother and having gone to my father's father, he followed them to Quebec during the month of May following, and when I was but 3 weeks old he stole me from the nurse and took me to the south of Ontario among a community of Quakers. He gives the name of the family with whom he first left me, but I prefer not to mention it. After that he returned to Quebec, but the wife did not find and soon after disappeared."

The Private Life.

"He says since then he has never been able to find her and that the walls of some convent alone could hide her from his vengeance." He says he has kept the name of the family secret and that he must know who committed the crime of years ago. He also details the circumstances of my leaving Michigan, saying he witnessed my departure."

THE ALDERMEN MEET

MUCH BUSINESS LEFT OVER TILL TO-NIGHT.

A Late Start—Numerous Petitions—The Citizens Company Wants a Transfer House and People Want it to Run Cars—Bills for Ex-Chief Foster—A Send-off for J. W. Alexander—Other Matters.

The council got to work last night about 8:30 and dragged along till 10:30, when it adjourned till to-night with half the business attended to. City Attorney McDonald occupied the place of City Clerk Betzer. Among other things for to-night is the Short Line ordinance changing the route in the Fourth ward. Several interesting questions came up last night.

MAJOR'S REPORT.
For the month of July Marshal Mason reported 53 arrests, as follows: Intoxication, 14; disorderly conduct, 10; assault, 8; profane language, 4; inmates of house of ill fame, 5; larceny, 2; burglary and larceny, 5; highway robbery, 2; assault with intent to kill, 1; forgery, 1. Fines assessed, \$1,822; collected, \$119.40.

PUBLIC WORK.

The public improvement committee recommended the payment to Matthes & Annemann of \$1274.71 for payment of public park on West Wood street, Union and Church streets.

The same committee reported that it found the Wilcox sewer constructed properly, and recommended its acceptance by the city. The report was adopted, and the bill of the contractor for \$1158.00 was referred to the finance committee.

STREET SUPERINTENDENT'S REPORT.

Superintendent Alexander reported expenditures in his department for July as follows:

Water repairs.....	\$ 38 00
Public improvements.....	859 23
Sweeping streets.....	228 45
Sidewalks and crossings.....	233 40
Cutting weeds.....	61 30
Bridge and culverts.....	61 30
Streets and alleys.....	1,355 50
Total.....	\$1,822 87

Placed on file.

DON'T RUN CARS.

A number of citizens, residents of the First ward, petitioned the council to compel the Citizens Electric Railway company to run their cars on their line on Division street. In case the company fails to do so, the people want the poles and rails removed from the streets.

Ald. May wanted the petition referred to the street and alley committee.

Ald. Moran moved to amend by ordering the company to run their cars according to the ordinance. The amendment was not seconded and the petition was referred to the street and alley committee.

WANT TO SELL FILTERS.

A firm of strangers asked permission to sell in the city a cistern filter without paying license. They represented that their business would not come in competition with other business of any Decatur firm. The permission was granted.

WANT A TRANSFER HOUSE.

The Citizens Electric Street Railway company asked permission to erect on Lincoln square an ornamental transfer house, with a band stand on top. It is to be 15 feet square, have glass windows in the side and be one story high. The matter was referred to the public improvement committee.

WANT WATER MAIN.

Property owners on North Water street asked to have the water main extended north from Condit street to Hickman street. Referred to the public improvement committee.

OR SIDE FIRES CAN BURN.

Ald. Scanlan called up a former resolution of the fire department, need not go out of the city limits to extinguish fires. The clerk was instructed to give the fire chief a copy of the resolution.

COLFAN STREET.

Property owners on this street asked the council to raise, grade, widen and improve the street and fix a bridge on it. The street and alley committee was given the matter for investigation.

WATER ON DECATUR STREET.

Residents on East Decatur street asked to have a four-inch main on that street from Water street 240 feet west. Referred to public improvement committee.

WANT A LIGHT.

The library board in a communication said a light on the corner of William and Main streets was an absolute necessity, and asked that one be put there. The request went to the light committee.

BROADWAY SEWER REPORT.

City Engineer Burgess reported progress on this sewer. The facts have been published.

LICENSE REBATE.

P. W. Donahue said he had paid license on May 20, while he did not begin business until June 3. He asked a rebate, and it was granted.

AN ORDINANCE.

providing for opening an alley between Morgan and Broadway, from Marietta street north, was passed. S. Burgess, Henry Waggoner, and George P. Blume are commissioners to estimate the cost.

PLATS.

The subdivision of Margaret A. Wentz, at the corner of Edward and Marietta streets was approved, as was also Mattie E. Blaine's subdivision in Blake's addition.

W. W. FOSTER PAID.

A certificate from Justice of the Peace Hammer showed that he had given W. W. Foster judgment against the city for \$67.17 for back salary. The judgment was ordered paid.

NO SALARIES ORDERED.

When the bills were read, Ald. Simpson moved that the salary of the fire chief be raised from \$60 to \$75. The mayor remarked that the fees and salaries committee should report an ordinance fixing the salary of all officers of all other city officers.

Ald. Scanlan said that if that was so, then no city officer's salary had been fixed in the last two years, and that was irregular. The mayor assented to that. Ald. Simpson contended that the chief should have more salary committee or no salary committee, and he was in favor of giving more at once. Ald. Scanlan moved to allow the bills, including the fire marshal. He was given \$60 a month. Ald. Simpson moved to amend by not giving the fire marshal anything until he could be given more, but there was no second, and the bills were allowed.

THE EX-CHIEF'S WAGON.

Among other bills allowed was one in favor of W. W. Foster for \$315, \$200 for a horse and \$115 for a Concord fire chief's wagon. The bill was endorsed by W. T. Wells, J. G. Clark and George R. Bacon, the fire commissioners.

A SEND OFF.

The following was read:
"We learn with regret that J. W. Alexander has tendered his resignation as street superintendent of Decatur, Ill."

"Mr. Alexander has been an efficient officer of our city government for six years, during which time many important public improvements have been successfully carried on in the city. Mr. Alexander during the entire time of his service has caused the streets and walks and other matters under his charge to be placed and kept in such condition that he has continued to receive the hearty thanks of our citizens for his honest and efficient management with strangers among us that our city can possess the advantages and facilities of a metropolis. We owe to Mr. Alexander that kind regard which he justly deserves for his efficient services and his conscientious effort in the discharge of his duties, and will ever remember him as a public spirited citizen and worthy of the trust and confidence of all men."

"Mr. Alexander is soon to leave and cast his fortunes with the growing west, and while we sincerely regret to lose him as a citizen, and our city the loss of his services as an officer, we wish him godspeed and success in his new home and efforts, and say to those among whom he has cast his lot that they have gained what they have lost, a gentleman of honor and trust and a man of experience and ability in matters of public progress."

"Resolved, That the city council of Decatur tender to Mr. Alexander the kindest regards and the highest appreciation of his past services to the city."

Signed by George S. Simpson, J. Perl, L. P. Graham, H. F. May, H. C. Scanlan, K. Harwood, P. W. Delaney, D. T. Paik, Mark Moran.

A POPULAR BALLOT.

THE PEOPLE TO SELECT A NAME FOR THE NEW PARK.

Send Your Vote, Accompanied by Name and Address to The Review—A Careful Record Will be Kept and the Five Favorites Submitted to the City Council.

On account of the wonderful popular interest that has been manifested in the selection of a name for Decatur's new park, THE REVIEW has decided to undertake to get an expression of popular preference on the subject. As the simplest and most practical method of obtaining this opinion the people of Decatur and Macon county are invited to send in to THE REVIEW their vote, giving both first and second choice and accompanying the same by name and address. A careful record of these ballots will be kept and the result of the vote as far as it has progressed will be printed in THE SUNDAY REVIEW in order that the interest in the subject may be kept up and the friends of the leading names may be spurred to greater exertions, which will thus insure a larger vote and as full an expression as possible, which is just what THE REVIEW wants.

For convenience THE REVIEW will print a blank ballot that can be easily filled up, and when sent in will be promptly recorded.

No one will be entitled to more than one vote. This is the only limitation. There is no restriction as to age, sex or color. This is a splendid chance for the ladies to exercise the right of suffrage. When all have had free and ample opportunity to express themselves, the totals will be figured up and the five names receiving the highest number of votes will be sent to the city council with a properly attested statement, and the number of votes that each received.

As the aldermen are only representatives of the people, it will be presumed that they will be governed by an expression of this nature.

The blank ballot that will be printed in THE REVIEW each day, will be for convenience only, and any vote accompanied by name and address will be recorded. Send in your vote as soon as possible in order that as big a showing as possible be made for the first week's work.

TAKE YOUR CHOICE.

For convenience in making your selections here is reprinted all the names that have been suggested though the vote is not necessarily restricted to this list.

Found the Man at Last.

On the last day of May Rev. George B. Vosburgh preached his farewell sermon to the First Baptist church of this city, and the members at once commenced the labor of filling the vacancy. Several preachers have undergone the scrutinizing investigation of the pulpit committee and the church, and it had become a well recognized opinion that it was a hard job to fill the place of Dr. Vosburgh. Among the pastors recommended to the pulpit committee was Charles C. Torrey, of Norwalk, Conn. He was so highly commended that the committee invited him to come and remain 10 days. He came and preached at the Baptist church Sunday morning and night, and the result has been so satisfactory that nothing short of the refusal of Mr. Torrey will prevent his being the successor of Dr. Vosburgh.

There are many men of many minds, and almost every man has a different opinion of what constitutes

Swings, hammocks and croquet made amusement for those enjoying them. They returned at 6 in the evening.

The Heat.

Sunday was the hottest day. At Saxton & Andrews the thermometer marked 102 in the shade at 2 o'clock. It staid up there nearly all afternoon.

As observed at the same place yesterday, it was as follows: 7 a. m., 83; 9 a. m., 78; 10 a. m., 83; 12 m., 85; 3 p. m., 85; 5 p. m., 83; 8 p. m., 77.

Died.

The year-old son of Mr. and Mrs. William Demery died Sunday morning at its parents' home in Blue Mound township. It was buried yesterday afternoon at Bethlehem church.

CROWD AT THE PARK

THE CAMPMEETING HAS A BIG SUNDAY.

Estimates of the Crowd.—Mrs. Baxter, Col. J. J. Hickman, Mrs. Clara Hoffman Among the Speakers—Good Meetings Yesterday—To-day's Program—Side Issues.

The expectation that a big crowd would be at the campmeeting Sunday was fully realized. The attendance was simply immense. Teams and vehicles of all kinds filled the country roads in the morning bringing people to the camp, while the railroads added their share. In the afternoon and at night the townspeople went out. The estimates are, for the morning, 2,000; afternoon, 4,000; night, 5,000.

SUNDAY.

The service Sunday morning was of a religious nature entirely. Homer Montgomery conducting a song service, the singers furnishing sacred music, and Mr. Baxter preaching a fine sermon. Rev. Gibbons, of Carro Gordo, pronounced the benediction.

In the afternoon, after music both lively and beautiful, Col. J. J. Hickman made an excellent address, using a number of funny stories with good effect. Rev. John Ingraham spoke briefly of the situation in Nebraska. He thought the amendment would carry with a clean sweep.

The Jingles gave their callopie imitation in obedience to requests of people from the country and followed that with a Chinese song.

At night, after fine music, Mrs. Clara Hoffman, the Missouri W. C. T. U. president made a straight-out prohibition speech.

MONDAY.

The free parliament had hold of the original package question in the morning and a lively discussion followed. The speakers were Mrs. Hoffman, Rev. Ingraham, Mrs. Kate Hughes, Table Grove; Mrs. J. A. McElroy, Pana; Frank Dosses, Bloomington; Professor Hughes, Mt. Zion; W. C. Smith, W. F. Beadle and P. K. McMin.

In the afternoon Mrs. Baxter introduced a change that was welcome to the audience about 30 slips of paper on which were questions. These she answered and agreed many besides. Among matters brought up in this way were woman suffrage, tobacco and constitutional amendments. She believes in paying saloon keepers for their stock in case an amendment is adopted and that brought out a lively fire of contrary opinion. Elder A. H. Humphrey, T. J. McDermott and others took the opposite side and the whole subject was gone over at a quick pace.

At night after the usual opening services Mrs. Hoffman took the stand and said the problem that now faces the prohibitionists is the fact that the leaders of the present parties are all committed to the liquor interests. She alluded sarcastically to "Elder" Harrison, and then drew a picture of the situation.

TO-DAY.

At 9:30, a children's service. At 10:30, a W. C. T. U. meeting will be held with Mrs. Baxter in charge. Mrs. Daisy Hubbard Carlock, of McLean county, will speak on the subject of scientific temperance instruction.

In the afternoon Mrs. Baxter, Mrs. Sanford of Bloomington, and Mrs. Dr. Wemple, of Logan county, will be the speakers. To-night Rev. Annie Shaw, of Massachusetts, will speak, as she will to-morrow, also.

SIDE ISSUES.

The crowd will be even larger next Sunday.

The women speakers seem to be in the majority.

J. J. Hickman is a Kentucky colonel, yet he never drank nor smoked.

The ice cream gave out Sunday. It was the only good day the dealers in ice cream, pop, and peanuts had.

A concert tour of the Jingles with A. F. Smith as manager, will probably be arranged after the meeting.

Manager Smith says he has an arrangement with the weather clerk that shall bring rain at just the right time.

The sprinkling cart is now busy on the grounds all the time. The dry weather and the crowds have conspired to make a dust.

For the campmeeting 11 coaches full of people came in on the Webash, 9 came on the P. D. & E. and a great many came on the I. D. & W.

OFF TO CHICAGO.

Canton 10, Decatur Patriarchs Militant and a Jolly Crowd.

A lively crowd was at the depot last night to take the midnight train for Chicago. It was Decatur Canton, 10, Patriarchs Militant and you may depend that they will have a good time. They went to attend the national encampment of the order. Those who went were Col. G. W. Patterson, Surgeon E. J. Weil, Capt. George F. Bell, Lieut. Newton Davis, Clerk C. M. Lytle, Accountant Frank M. Pratt, Chevalier F. R. Middy, Darius August, Edward Denz, Harry McKinn, Heston L. Baldwin, J. C. Wilson, of Moweaqua, J. C. Hartsley, George Lyon, John Keckler and B. D. Cross and the following visitors also accompanied them: Mrs. George Lyon, Mrs. Frank Pratt, and son, Charles Housum and son, George Meyer, Dan Myers, Will Muzzy and Isaac Lowrey. They had a special car, and were prepared for a jolly time. The Palmer house will be headquarters for the fourth regiment and also for Decatur Canton, 10. They will return Thursday. The Decatur boys will enter for any prizes, as they are content to rest on the many laurels they have won at previous encampments.

TRACK AND TRAIN.

The P. D. & E. ran an excursion from Peoria Sunday, the I. D. & W. from the east, and the Webash one from Effingham.

The I. D. & W. sent out 55 cars of stock Sunday and some of the boys are almost worn out, as they worked 48 hours without any sleep.

The Adams Express company has completed the first half century of its existence. Fifty years ago Alvin Adams started a parcel express between Boston and New York, his sole outfit consisting of a carpet bag which he carried in his hand. Today the company employs 20,000 men, 3,000 horses, 3,000 wagons and covers more than 25,000 miles of railroad, reaching every state and territory in the Union, paying handsome dividends on a capital of \$12,000,000. Exchange.

How long would another Alvin Adams last if he should start now to build an express business on the same capital, "a carpet bag, which he carried in his hand"? Mon.

This paragraph calls attention to the fact that there is not as much "room at the top" as there used to be.

LOT OF WORK BEING DONE FOR COLUMBIA

Lot of Work Being Done for Columbia But No Votes Coming In.

The vote was comparatively light in the park name contest, and the relief was quite welcome to the park editor, who has been nearly worked to death during the past week. The small vote doesn't mean at all that the interest is flagging, for there were more calls for blank ballots yesterday than ever before. A large proportion of the ballots went to Columbia voters and the fact that only one vote came in for Columbia must be taken to indicate that the Columbia workers are asleep. Far from that, they are only holding their ballots back for the close. And this leads the park editor to remark again, that it is very much desired that the votes be brought in each day, in order that the work of recording and compiling the vote be as light as possible.

There were 216 votes cast yesterday bringing the grand total up to 2,673. The votes for first choice were as follows: Fairview, 130; Shell, 41; Spring Valley, 30; Logan, 20; Oakview, 2; and Kanan, Spring 6 ave, West Lynn, Columbia and Martin's one vote each. This leaves the five leaders the same as Sunday morning.

On second the votes were Big Oak, 31; Washington, 17; Forest, 11; Shell, 9; Fairview, 6; Columbia, 6; West Side, 6; Glenview, 4; Macon, 3; Jefferson, 3; Spring Valley, 3; Big Spring, 2; Decatur, 2; West End, 2; Cleveland, 2; and a number of scattering.

All should bear in mind that the contest closes Friday night at 12 o'clock. All votes brought in after that time will not be counted.

STRAY SCRAPS.

H. A. Wallace's store, "The Style," is now settled on East Main street.

The funeral of Patrick Buckley was held Sunday afternoon from the Catholic church. The rain yesterday morning laid the dust nicely and was a blessing both to city and country.

There were nine real estate transfers recorded yesterday, more than on any day for quite a time.

Misses Anna and Ophelia Grise left last night for a visit of several weeks at Olney, Ill., with their parents.

Mr. and Mrs. Thornton Walt, of Starr's addition, were made happy Sunday night by the arrival of a daughter.

A telephone wire fell on the Citizen's trolley wire Sunday at noon and part of the exchange was burned out.

The long looked for dynamo was unloaded at the Short Line power house, yesterday. Another dynamo of the same capacity is expected soon.

New rails and ties are being put down on part of the Citizens line on Front street. The ones there were still part of the old horse car track.

Miss Minnie Bryant is visiting Miss Bettie Moffitt, of Boody, and will have a party given in her honor to-night, which several Decatur young folks will attend.

The sewer is moving northward steadily and is now covered more than two-thirds of the way from North street to Eldorado street.

Dr. L. P. Walbridge returned Sunday night from a trip of three weeks at Mackinac City, Charlevoix and other points in Northern Michigan. He is enthusiastic in praise of that country as a summer resort.

Wyatt & O-borne, the confectioners in the Flinn & Delahanty building on East Eldorado, removed yesterday to the building across the street and a few yards farther east. The business will be conducted just the same.

This country seems to be reaching a point when it will be known as a Nation of toothpick chompers. Eleven of the 14 men who got off of the Toledo train at 2:30 yesterday afternoon had wooden toothpicks sticking from their mouths.

The guests of the Brunswick held a jubilee last night over the fact that during the afternoon the piles of earth and other stuff that had been collected by the street sweeper for the past weeks, were at last carted away, and consequently offend the eye and the nose no more.

W. H. Starr has received a letter from a whip manufacturing firm which intimates a willingness to come to Decatur. The matter has been turned over to J. M. Clokey, secretary of the board of trade, and something may be done. The factory would employ about 50 hands.

A young son of William Kelsor, of Decatur, while on the Webash train, met with quite a serious accident by the falling of a coach window near Curran, breaking his finger. Fortunately Dr. King, who boarded the train at Island Grove, dressed the wounded finger, and when the train arrived in Chicago the wounded member was doing well.—Jacksonville Journal.

William Dodson, mail transfer clerk at the depot, paralyzed the boys yesterday morning by telling them that in his old eastern home he had hauled many wagon loads of fish to plant with corn to make the corn grow better. The plan was to drop the corn in a hole first, then the fish on top of it, and cover them together. The story was received with great incredulity, but he repeated every insinuation as to its falseness, as a base slander. How is it for a fish story?

AQUATIC SPORTS.

The Triton Boat club, of Newark, N. J., is much elated over the success of its four oared crew at the People's regatta at Philadelphia on July 4. The arrangements are already well under way to have not only their present winning crew but other representatives of the club present at the National regatta on Lake Quinsigamond, at Worcester, Mass., on Aug. 12.

The contests for the amateur swimming championships of America will be held in the vicinity of New York city during August. The events will be 100 yards and 1 mile. Last year W. C. Johnson, of the Varuna Boat club, won the former and A. Meffert, of the Manhattan Athletic club, captured the latter. Both are in training now for the events, they expect in, but indications are that more competitors will be on hand this time than ever before for the ten years the fixture has been held. Both Johnson and Meffert now belong to the Manhattan.

Herman Braun, who formerly represented the Pastime Athletic club, and who was first in the 100 yard race for four years up to 1888, may be a competitor this year under the colors of the New York Athletic club.

The list of honor men at Cambridge university of England this year includes several oarsmen and athletes who have won victories for their college this year.

Concerning William O'Connor's defeat by Stansbury, the Australian, in their recent scull race for the world's championship, many prominent oarsmen are of the opinion that O'Connor could not have been at his best, owing to the feeling of uncertainty he has not since his arrival in Australia concerning a fair match. O'Connor has said that there had been more dickering and sniping, play in the Antipodes in regard to any one rowing him than he had ever before seen.

Professor Galton, the celebrated swimming instructor of Dublin, Ireland, advises those who are teaching others to swim to sit in a punt or on a rock with a stout stick 10 or 15 feet in length, at the end of which is a cord with 4 feet or so of loops. The learner puts himself into the loops, and the teacher pulls him as a fisherman would pull a fish in water that is well out of his depth, giving him just enough support to keep him up. After a few lessons many boys require no support at all, and swim with the rope dangling slack about them. They can then shift for themselves.

ELTON CHAMBERLAIN.

The Well Known St. Louis Twister Recently Signed by Columbus.

Elton Chamberlain, the pitcher recently signed by Columbus, is but 23 years of age, and has been on the diamond as a twister ever since he was 18. He was born and raised in Buffalo, N. Y. Chamberlain made his debut with the Hamilton (Ont.) team in 1885. In 1887 Chamberlain was found with the Louisville club. He pitched that season and a part of 1888, and in the fall of the latter year was sold by the Louisville management to President Von der Ahe for \$4,000. His pitching crowned him as among the best in the country. This year, on account of differences with Von der Ahe, which the public is fully informed, Chamberlain pitched but few games, but he says that he is in as good condition as he ever was in his life.
